## Two Regiments Will Go to Border

TO GUARANTEE PROTEC-TION AGAINST MEXICAN RAVAGES

### ARMY 18000 STRONG

More Than Total Number That \* here today. Followed General Shafter In Cuba

(By Associated Press) Washington, D. C., March 11th.— The dispatch of two additional regi-ments of American infantry to Eagle Pass and Laredo, Texas, to allay fears of Mexican raids, and the appearance here of General Felix Diaz and friends with a new plan to solve the Mexican problem, were the chief developments

The troops, the Ninth and Sevententh Legiments, were ordered to the on which seizure already has been border at the request of Senator, made, and to investigate before future Sheppard and Representative Garseizures are made.

It is believed by those who have ner. The latter told the president It is believed by those who have there was a good deal of cash in the talked with Carranza that it will asborder banks, and Americans wanted sure the justice of confiscations based to be protected against any sudden on enmity of the constitutionalisst. nounce their definite purposes, but

would do so tomorrow.

The Mexicans denied today that sought support or sanction for revolutionary movement, saying their idea was a campaign of informa-tion about Mexico and to acquaint Washington with the personality of General Diaz, so his part in subse-quent events in Mexico might be judged for a study at close range.
It was learned that they are seek-

it was learned that they are seeking the elimination of General Huerta and are not allied in any way with the Constitutionalists. Members of the party said that Senator Root conferred with General Dias in Washington last week, and that Diaz came to Washington at the instigation of Senator Fall.

Larger Than Shafter's Army Today's order for the dispatch of 2 more regiments to Texas will result in the assembly in that state of nearly 18,000 troops, more by 3,000 than the entire troops of the regular ar-my that General Shafter led into Cuba. Nearly 11,000 soldiers are in camp at Texas City, under command of Brig. Gen. Funston, of Phillipine fame. The others are scattered on the border from Brownville, Texas, to Nogales, Arlzona, under command of Brig. Gen. Tasker H. Bliss, the largest garrisons being maintained at El Paso, Nogales, Douglas, Laredo, Eagle Pass and Brownsville, where rail-

roads enter Mexico.

General Bliss will designate their exact location. The present strength of each regiment is \$23 men. At Laredo and Eagle Pass, the two regiments will leave six troops of cavalry, which will be distributed along other points on the Western border in General Bliss discretion. This will place under that General's command about 4,400 cavalry troops and 2,400 infantcy

Though larga in the aggregate, this force is regarded small in many quarters here for a rigid and efficient patrol of the 1,800 falles of border. Secretary Garrison, however, feels that it wil be sufficient. If He insists that there is no proof that this border patrol has been broken down at any point since its establishment three years ago.
